# Plan limitations and your rights

Medicare supplement plans from Everence do have some limitations of coverage. And, if you enroll, you will have certain rights as a covered person.

#### Benefits not covered

Unless specifically stated in your plan, Everence's Medicare supplement plans do not cover or consider for payment any service or supply, or any portion of a service or supply, that is not a Medicare-eligible expense, nor will it duplicate any benefit paid by Medicare.

### Your coverage cannot be canceled

As with any Medicare supplement plan offered in your state, we will not cancel or refuse to renew your health plan certificate for any reason other than failure to make premium payment or because of fraudulent misrepresentation by the applicant, unless authorized by the insurance commissioner.

# One supplement plan is enough

If you are already enrolled in another Medicare plan other than original Medicare (such as another Medicare supplement plan or Medicare Advantage plan), you do not need two plans. This is a brief summary of the Medicare supplement plans available from Everence. The health plan certificate contains details about the plan's provisions, limitations, and variations. <sup>&</sup>lt;sup>1</sup>Medicare covers all costs for days 1-20 after a three-day hospital stay, so the plans don't need to cover those first 20 days.

<sup>2</sup>This is your annual out-of-pocket limit. All expenses in the "You pay" column accumulate toward this limit except excess charges, foreign travel, and additional preventive care not covered by Medicare.

<sup>3</sup>Part B deductible means you pay for services covered by Part B up to the deductible amount. Then Medicare pays 80% of the cost (coinsurance) approved by Medicare for most Part B services.
